AAPM 34TH ANNUAL MEETING & PRECONFERENCES

PRELIMINARY PROGRAM

Managing Acute and High-Impact Chronic Pain Through Multidisciplinary Care

Vancouver Convention Centre | Vancouver, BC, Canada

Preconference Sessions: April 25–26, 2018
Annual Meeting: April 26–29, 2018
Exhibits: April 26–28, 2018
A Message from AAPM’s President

It is my pleasure as president of the American Academy of Pain Medicine (AAPM) to invite you to attend the AAPM 34th Annual Meeting & Preconferences April 25–29, 2018, in Vancouver, BC, Canada. Attendees can look forward to a dynamic educational program with ample opportunities to network with colleagues and explore Vancouver.

The meeting theme—Managing Acute & High-Impact Chronic Pain Through Multidisciplinary Care—will address a challenge among all healthcare providers, the patients they care for, and the communities they live in: balancing the need for improving comprehensive pain care while responding to the growing societal epidemic of prescription opioid abuse and opioid-related overdoses and deaths.

The current opioid crisis and the devastation it has inflicted on society, patients, families, and communities has made this an even more critical time for our field of pain medicine to lead the way in advocating for comprehensive pain care, including greater access to evidence-based pharmacologic approaches, behavioral health interventions, interventional procedures, substance abuse treatment, and rehabilitation-based care.

The fundamentals of multidisciplinary pain management long have been the gold standard for pain care and have been promoted by AAPM since it was established more than 30 years ago with a mission of advancing the comprehensive care of patients with pain through the promotion of best clinical practices, research, advocacy, and continuing medical education. To that end, the AAPM 34th Annual Meeting has been designed to provide key stakeholders—including physicians and members of their treatment teams, payers, and researchers—with the skills and knowledge necessary to improve the care provided to patients and optimize patient outcomes.

The 2018 AAPM Program Committee—chaired by James W. Atchison, DO, and Vitaly Gordin, MD—selected from a record number of session proposal submissions to create the must-attend educational program of the year for all clinicians treating patients in pain. The meeting will feature expert faculty from around the country presenting more than 30 hours of pain medicine education designed to immediately improve your practice.

Lastly, the Vancouver Convention Centre and Pan Pacific Vancouver hotel, situated on the downtown waterfront within walking distance of some of the city’s top attractions, will provide a beautiful backdrop for AAPM 2018. Learn more about visiting Vancouver and hotel amenities on page 3.

I look forward to seeing you in Vancouver in April.

Sincerely,

Steven P. Stanos, DO
President, American Academy of Pain Medicine

Important Dates

December 6, 2017
Registration and housing opens. Register early to save with early-bird and join-and-register discounts. Learn more on page 19.

AAPM has secured a limited number of hotel rooms at the Pan Pacific Vancouver at a discounted group rate for meeting attendees.*

February 28, 2018
Early-bird registration deadline. Save $100 on registration when you register on or before this date.

March 23, 2018
Housing reservation deadline. Secure your space at the host resort by booking early!* Book rooms online at annualmeeting.painmed.org or by calling 604.662.3223.

April 20, 2018
Advance registration deadline. Save time and money by registering for the meeting in advance online or over the phone. After the advance registration deadline, only in-person, on-site registration is available, and rates increase.

AAPM nonmembers, April 20 is also your last chance to capitalize on join-and-register pricing. See page 17 to determine whether you qualify for AAPM membership.

*AAPM recommends that attendees reserve their hotel rooms as early as possible. Space is limited and provided on a first-come, first-served basis. After the March 23, 2018, cutoff date—or when the AAPM room block has been filled—other rates may apply, and availability is not ensured.

2018 AAPM Annual Meeting Program Committee

Special thanks to the members of the AAPM Program Committee who volunteered their time, energy, and expertise to develop the AAPM 34th Annual Meeting & Preconferences. Visit painmed.org/annualmeeting for a full list of committee members and abstract reviewers.

James W. Atchison, DO
Co-Chair

Vitaly Gordin, MD
Co-Chair

James C. Watson, MD
Scientific Poster Abstract Chair
Meeting Overview
When planning your 2018 AAPM Annual Meeting experience, note the following events taking place April 25–29: Be sure to book your travel in time to participate in preconference sessions beginning on Wednesday morning, April 25. Plus, don’t miss out on new special topic tracks happening on Sunday morning, April 29, until 12:45 pm. Spring is a beautiful time of year to enjoy Vancouver. Read on to learn more about how to make the most of your time while you’re in town.

April 25
Pain Medicine Best Practices: Integrative Solutions for Critical Challenges Preconference
See page 8 for details.

April 26
Interdisciplinary/Multidisciplinary Pain-Based Care Preconference
See page 9 for details

April 26–29
AAPM 34th Annual Meeting Sessions
See the schedule at-a-glance on pages 6–7.

April 26–28
Resource Center Open—Exhibits & Poster Displays
Learn more on page 4.

April 29
NEW: Special Topics in Pain Medicine Tracks
Included with registration are three 4-hour special topic tracks. Attendees can attend the full Cancer/Palliative Care, NANS Neuromodulation, or Behavioral Health tracks, or mix and match track sessions and presentations. Learn more on page 14.

Travel & Housing Details
Vancouver, BC, Canada
AAPM’s 2018 meeting destination, Vancouver, is home to majestic mountains, sparkling ocean views, rainforests, and lovely foliage year-round, making it one of the most beautiful cities in the world. For information about Vancouver, visit tourismvancouver.com.

Meeting Location
AAPM 34th Annual Meeting events will take place at the Vancouver Convention Centre, situated on the downtown Vancouver waterfront within walking distance of some of the city’s top attractions. AAPM has secured a limited number of sleeping rooms at the Pan Pacific Vancouver, which is connected to the convention center.

<table>

<td>V6C 3B5, Canada</td>
</tr>
</tbody>
</table>

A block of rooms will be held at the Pan Pacific Vancouver until March 23, 2018, at a special group rate of $269 CAD/night (single or double occupancy). This special rate will apply until the cutoff date, or when AAPM’s room block has been filled; after that time, availability will be limited, and higher rates may apply.

Book your room online at annualmeeting.painmed.org or by calling 604.662.3223.

Getting to Vancouver & Important Passport Information
The Vancouver Convention Centre and Pan Pacific Vancouver are located approximately 15 miles from the Vancouver International Airport (YVR). Visit the Vancouver International Airport website at yvr.ca for additional information and airport transportation options.

Make sure your passport is valid by checking with the appropriate government agency in your country of origin. Canadian law requires that all persons entering the country carry proof of citizenship and proof of identity. A valid U.S. passport or NEXUS card satisfies both of these requirements for U.S. citizens traveling to Canada.

Visit annualmeeting.painmed.org for the most current information and to register.
AAPM 34th Annual Meeting Receptions

**Welcome Reception:** Thursday, April 26, 6–7:30 pm
**AAPM 34th Annual Meeting Reception:** Friday, April 27, 6–7:30 pm

Join AAPM leadership, fellow meeting attendees, and industry partners during evening receptions in the Resource Center. Receptions are an excellent opportunity to socialize and network with colleagues, view more than 200 scientific posters featuring the latest pain research, and learn about the newest technologies and products to improve your practice and patient care.

Meet the Faculty

AAPM is excited to again feature Meet the Faculty events during meeting breaks. Plan to visit the Resource Center during the following times for the opportunity to get your questions answered by pain medicine experts and engage in discussion with fellow meeting attendees:

- Friday, April 27, 10:15–10:45 am
- Friday, April 27, 3–3:30 pm
- Saturday, April 28, 10:30–11 am

AAPM Shared Interest Groups (SIGs)

Meeting registrants are invited to participate in SIG meetings, which enable attendees to connect with a niche community of practitioners who share similar interests. Meeting times and locations will be posted at annualmeeting.painmed.org as they become available. The following AAPM SIGs may meet in Vancouver:

- Acute Pain Medicine
- Federal Medicine
- Interdisciplinary Pain Medicine
- Pain Psychology
- Primary Care
- Regenerative Pain Medicine
- Resident Fellow Education

Easily Identify Colleagues with Similar Interests

The AAPM 34th Annual Meeting is the must-attend meeting of the year because it brings together a multidisciplinary group of pain medicine clinicians. Back by popular demand, badge ribbons will help attendees identify colleagues with similar backgrounds and interests to facilitate networking. Visit the ribbon kiosk at the AAPM membership information desk and select ribbons to help you connect with your peers.

Special Event: How to Get Published in Peer-Reviewed Journals

**Friday, April 27, 1:45–2:45 pm**

Gain invaluable tips and strategies on how to get your research published. *Pain Medicine*, the official journal of AAPM, considers international research and systematic review papers on all pain topics. Learn how to submit your best research to *Pain Medicine*!

Special Event: National Institutes of Health (NIH) Funding Mechanisms

**Friday, April 27, 2:45–3:45 pm**

Expert panelists will provide tips for securing strong mentorship, resources for research and training, and guidance in grant writing for developing a competitive NIH application, as well as for managing clinical endeavors and research. A must-attend session for individuals interested in research.

Resource Center

The AAPM Resource Center is the place to network with fellow meeting attendees and industry partners in a dynamic and synergistic atmosphere. At the Resource Center, you can:

- enjoy complimentary beverages and network with colleagues during meeting breaks (twice daily) and evening receptions.
- continue your education by viewing more than 200 scientific posters and meeting the authors.
- visit the AAPM booth to learn about membership, AAPM Foundation, education products, and the *Pain Medicine* journal.
- meet more than 100 exhibitors presenting the latest information that will benefit your practice and patients and compare relevant products and services in one convenient place.
- attend short programming that will demonstrate multimodal methods of pain management at the Presentation Centre.
- meet the faculty and learn from our pain medicine experts.
- relax and recharge in the AAPM Lounge.

Want to exhibit or know a company that should exhibit? Go to annualmeeting.painmed.org or e-mail prd@painmed.org.

**Resource Center Schedule**

**Thursday, April 26**
- 6–7:30 pm

**Friday, April 27**
- 10–11 am
- 2:30–7:30 pm

**Saturday, April 28**
- 10–11:30 am
Who Should Attend
Clinicians treating patients in pain are invited to join leading experts in pain medicine at the AAPM 34th Annual Meeting & Preconferences. The program has been designed by a multidisciplinary, multimodal committee of experts at the forefront of pain medicine practice for a primary audience of physicians whose scope of practice is targeted at the multidisciplinary practice of pain medicine, as well as a secondary audience of nonphysician healthcare clinicians, including nurses, nurse practitioners, physician assistants, physical therapists, psychologists, and pharmacists, who are part of the multidisciplinary pain management team.

Overall Meeting Objectives
After attending the meeting, participants should be better able to:

- describe recent advances in research, clinical best practices, patient management, practice management, and the diagnosis and treatment of patients in pain to pain medicine clinicians.
- assess the most up-to-date scientific developments and clinical best practices in the field of pain medicine.
- review the wide range of treatment therapies available to help patients suffering from pain and pain-related psychosocial dysfunction regain their quality of life.
- assess, treat, and improve outcomes for patients suffering from multiple types of pain through the use of evidence-based, integrative/multidisciplinary pain management strategies and patient-centered treatment plans.
- improve patient safety and decrease the rate of opioid- and pain analgesic-related adverse events.

Continuing Medical Education Information

Accreditation Statements
The American Academy of Pain Medicine (AAPM) is accredited by the Accreditation Council for Continuing Medical Education (ACME) to provide continuing medical education (CME) for physicians.

- **34th Annual Meeting**: AAPM designates this live activity for a maximum of 17.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

- **Pain Medicine Best Practices: Integrative Solutions for Critical Challenges Preconference**: AAPM designates this live activity for a maximum of 9 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

- **Interdisciplinary/Multidisciplinary Pain-Based Care Preconference**: AAPM designates this live activity for a maximum of 7.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**American Academy of Family Physicians (AAFP)**
Applications for AAFP CME credit for the Annual Meeting, Pain Medicine Best Practices: Integrative Solutions for Critical Challenges Preconference, and Interdisciplinary/Multidisciplinary Pain-Based Care Preconference have been filed with AAFP. Determination of credit is pending.

**Nursing Credits**
This activity has been submitted to the American Association of Neuroscience Nurses (AANN) for approval to award contact hours. AANN is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation. Nursing credit will be offered only for the AAPM 34th Annual Meeting.

**MOCA 2.0® Credits**
Participants in the Annual Meeting, Pain Medicine Best Practices: Integrative Solutions for Critical Challenges Preconference, and Interdisciplinary/Multidisciplinary Pain-Based Care Preconference will receive MOCA 2.0® credit after evaluations have been submitted online. AAPM will report participant completion data to the American Board of Anesthesiology via the ACCME’s Program and Activity Reporting System (PARS) on behalf of the participant in a timely manner. PARS is a web-based portal for the collection of program and activity data from accredited continuing medical education (CME) providers such as AAPM.

**American Academy of Physician Assistants (AAPA)**
AAPA accepts AMA PRA Category 1 Credit™ from accredited organizations, including AAPM.

**Psychology Credits (APA)**
Behavioral Medicine Track: A Behavioral Medicine Workshop for Healthcare Professionals: Advanced Skills Target High Impact Chronic Pain! (Sunday Sessions 403, 406, 409, 412) will be reviewed for approval by the American Psychological Association’s (APA’s) Office of Continuing Education in Psychology (CEP) to offer continuing education (CE) credit for psychologists. Full attendance is required at each session to receive CE credit. Partial credit is not awarded. The CEP Office will maintain responsibility for delivery of these sessions. Pending approval.

**MOC Part II Lifelong Learning**
Participants in the Annual Meeting, Pain Medicine Best Practices: Integrative Solutions for Critical Challenges Preconference, and Interdisciplinary/Multidisciplinary Pain-Based Care Preconference will receive ABPMR MOC Part II Lifelong Learning CME credit after evaluations have been submitted online. Participants will need to report these CME credits directly into their ABPMR MOC Homepage.

Visit annualmeeting.painmed.org for the most current information and to register.

Pain Medicine Best Practices: Integrative Solutions for Critical Challenges

Many healthcare professionals do not feel adequately trained to evaluate and treat the patient in pain. The Pain Medicine Best Practices: Integrative Solutions for Critical Challenges Preconference is designed for pain specialists and subspecialists, primary care providers, and trainees interested in learning how to optimize the management of chronic pain with opioid analgesics and nonopioid therapies.

This session will provide timely and practical information for pain management delivered through didactic lectures, case studies with audience response participation, and interactive small group discussions. Bring your toughest clinical dilemma and join expert faculty to examine the compelling challenges facing pain medicine practitioners today as well as in the coming decades. Together, faculty and attendees will explore current evidence, best practices, and emerging therapies to develop practical and integrative solutions.

In the afternoon, attendees will rotate through three small-group breakout sessions featuring spinal cord stimulation technological updates, medical and interventional approaches to headache management, and diagnostic conundrums for treatment of neck versus shoulder and back versus hip pain. Experts in the field will serve as breakout faculty to provide interactive training to attendees.

Co-Chairs
Farshad M. Ahadian, MD, and Gagan Mahajan, MD

Part 1 of 2: 7 am-Noon
7-7:10 am
Welcome
Gagan Mahajan, MD

7:10-7:25 am
Critical Challenges in Pain Medicine
Farshad M. Ahadian, MD

7:25-7:45 am
Opioid Prescribing: Current Guidelines and Best Practices
Mark S. Wallace, MD

7:45-8:10 am
Opioid Risk Stratification: Setting the Foundation for Success
Farshad M. Ahadian, MD

8:10-8:35 am
Opioid Monitoring and Implementing an Exit Strategy
Gagan Mahajan, MD

8:35-9 am
Pain, Addiction, and Opioid Therapy: Harm Reduction Strategies
Lynn R. Webster, MD

9-9:20 am
Adjunctive Use of Medical Acupuncture for Opioid Management and Taper
Farshad M. Ahadian, MD

9:20-9:35 am
Q&A
Farshad M. Ahadian, MD; Gagan Mahajan, MD; Mark S. Wallace, MD; and Lynn R. Webster, MD

9:35-9:50 am
Break

9:50-10:10 am
Minimally Invasive Therapies for Neurogenic Claudication: When Epidurals Stop Working and Surgery is Not an Option
Peter S. Staats, MD

10:10-10:45 am
Radiofrequency Ablation for Lumbar Facet Pain: Evidence and Controversy
Steven P. Cohen, MD

10:45-11:05 am
Radiofrequency Ablation for Knee and Hip Osteoarthritis: Changing the Treatment Paradigm
Steven P. Cohen, MD

11:05-11:25 am
Spinal Cord Stimulation: Technological Updates
Peter S. Staats, MD; TBD

11:25-11:45 am
Evidence and Indications for Peripheral Field Stimulation and Peripheral Nerve Stimulation
Peter S. Staats, MD; TBD

11:45-Noon
Q&A
Steven P. Cohen, MD, and Peter S. Staats, MD

Noon-1 pm
Break

Part 2 of 2: 1-5 pm
1-1:20 pm
Motivational Interviewing: Changing Attitudes About Pain Management
Ravi Prasad, PhD

1:20-1:40 pm
Medical Marijuana in Pain Medicine: Current Evidence and Best Practices
Mark S. Wallace, MD

1:40-2 pm
Ketamine: Miracle Drug or Latest Fad?
Steven P. Cohen, MD

2-2:15 pm
Q&A
Steven P. Cohen, MD, Ravi Prasad, PhD; and Mark S. Wallace, MD

2:15-2:30 pm
Break

2:30-5 pm
Interactive Modules
Attendees will rotate through the following three 50-minute breakouts:

Care of the Complex Pain Patient: Interdisciplinary Best Practices
W. Michael Hooten, MD; Ravi Prasad, PhD; and Mark S. Wallace, MD

Headache Management: Medical and Interventional Approaches
Alexander Feoktistov, MD PhD, and James C. Watson, MD

Diagnostic Conundrums: Neck vs. Shoulder; Back vs. Hip
James W. Atchison, DO; Gagan Mahajan, MD; and D. J. Kennedy, MD
Interdisciplinary/Multidisciplinary Pain-Based Care

In light of the National Pain Strategy and treatment guidelines supporting a shift toward population-based multidisciplinary care, the role of structured interdisciplinary treatment programs and team-based care has found itself at the forefront of pain management. This preconference will provide a broad stakeholder examination of multi- and interdisciplinary pain management programs. Participants will be highly engaged throughout the day, rotating through active workshop breakout sessions and participating in didactic lectures and panel discussions designed to incorporate attendee ideas and experiences.

The preconference will open with lectures on the philosophy and benefits of interdisciplinary pain management. Expert faculty will provide guidance on developing treatment teams, using available outcomes tools, incorporating opioid reductions into practice, and assessing patients to determine appropriate candidates for this type of care. Techniques and treatments that emphasize changes in brain function for the chronic pain patient will be a focus.

Attendees will then rotate through four small-group breakout sessions featuring hands-on training in physical and occupational therapy, pain psychology, pain education, and relaxation training. Experienced interdisciplinary pain team members will serve as breakout faculty to actively simulate interdisciplinary program treatment sessions for attendees.

The program will conclude with an afternoon expert panel discussion so that attendees can review and develop plans for post-interdisciplinary program treatments and continuation of care, coordination and incorporation of additional and alternative treatments/disciplines, and working with insurance companies and payers to present useful information for approvals.

Co-Chairs
James W. Atchison, DO, and Ravi Prasad, PhD

Part 1 of 2: 7:30–11:30 am

7:30–7:55 am
Introduction to Interdisciplinary Management/National Pain Strategy
Steven P. Stanos, DO

7:55–8:15 am
Better Assessment Tools for Diagnosis, Treatment Recommendations, and Outcomes
Ravi Prasad, PhD

8:15–8:35 am
Medication Management/Tapering Assessment
James W. Atchison, DO

8:35–9 am
Philosophy of How Physical and Cognitive Treatments Change Brain Function, Functional Activity Levels, and Quality of Life
Kristin Lucas, DPT PT, and Elizabeth Gaffron, MOTR/L

9–9:20 am
Building a Self-Management Treatment Plan
James W. Atchison, DO

9:20–9:45 am
Who Is Not a Good Candidate for Interdisciplinary Care?
Patricia Cole, PhD, and Ravi Prasad, PhD

9:45–10 am
Break

10–11:30
Morning Workshops
Attendees will rotate through two of the following 45-minute breakouts:

Clinical Psychology
Patricia Cole, PhD

Biofeedback
Felix Laevsky

Physical Therapy
Hannah Nilles, DPT PT

Occupational Therapy
Elizabeth Gaffron, MOTR/L

Part 2 of 2: 1:15–4:45 pm

1:15–2:45
Afternoon Workshops
Attendees will rotate through two of the following 45-minute breakouts:

Clinical Psychology
Patricia Cole, PhD

Biofeedback
Felix Laevsky

Physical Therapy
Hannah Nilles, DPT PT

Occupational Therapy
Elizabeth Gaffron, MOTR/L

2:45–3 pm
Break

3–3:45 pm
Panel Discussion: What to Do After Formal Treatment
James W. Atchison, DO; Ravi Prasad, PhD; Steven P. Stanos, DO; Patricia Cole, PhD; Elizabeth Gaffron, MOTR/L; Felix Laevsky; Kristin Lucas, DPT PT; and Hannah Nilles, DPT PT

3:45–4:45 pm
Panel Discussion: How Do We Collaborate with Insurers to Provide the Most Cost-Effective and Highest Quality of Evidence-Based Care?
Steven P. Stanos, DO, and Kimberly George, RN
THURSDAY, APRIL 26

5–6 pm
OPENING SESSION AND AWARD PRESENTATION (101)
Presentation of the Robert G. Addison Award to Xue-Jun Song, MD PhD

Stakeholder Collaboration in Moving Pain Management Forward: A Payer’s Perspective
Kimberly George, RN
Take a closer look at healthcare reimbursement issues for pain and novel payer initiatives to improve outcomes. Nuts-and-bolts issues related to prior authorization and developing outcomes-based, top-tier referral networks also will be discussed.

6–7:30 pm
Welcome Reception
Kick off your meeting by networking with AAPM leadership, fellow attendees, and industry partners in the Resource Center. View scientific posters (Group 1) and meet the authors. Beverages and refreshments will be served. Entry is included with meeting registration.

FRIDAY, APRIL 27

8:15–9:15 am
GENERAL SESSION I AND AWARD PRESENTATIONS (102)

President’s Opening Remarks
Steven P. Stanos, DO

Presentation of the Philipp M. Lippe, MD, Award to Robin J. Hamill-Ruth, MD

Presentation of the Distinguished Service Award to Jeffrey M. Tiede, MD, and James C. Watson, MD

Keynote Address: Practicing Medicine in the Age of Accelerations
Amy L. Compton-Phillips, MD
AAPM is pleased to welcome Amy Compton-Phillips, MD, executive vice president and chief clinical officer for Providence Health & Services, to deliver the 2018 Keynote Address. Dr. Compton-Phillips has an extensive background in directing patient care programs and leading healthcare organizations. She will share a physician executive’s perspective while speaking to AAPM Annual Meeting attendees about navigating healthcare system changes, systems’ responses to pain management issues, and the general state of health care and its impact on pain physicians practicing at both private and academic institutions.

9:15–10 am
GENERAL SESSION II AND AWARD PRESENTATIONS (103)

Presentation of the Founders Award to Robert H. Dworkin, PhD

Presentation of the Pain Medicine Fellowship Excellence Award

Plenary Research Highlights
Increasing both the quality and quantity of scientific pain research is a primary goal of the AAPM Annual Meeting. The Scientific Poster Abstract Committee has selected the highest-ranking, most novel 2018 poster submissions for live presentation in this plenary venue.

Moderator: James C. Watson, MD
Faculty TBA

10–11 am
Networking Break
Visit exhibits, see scientific posters (Group 1), and attend Meet the Faculty events (10:15–10:45 am) in the Resource Center!

11 am–Noon
Concurrent Sessions

Basic, Translational, and Clinical Perspectives on Complex Regional Pain Syndrome (CRPS) (201)
Moderator: R. Norman Harden, MD

Complex Regional Pain Syndrome: From the Bench to the Bedside and Back
Vivianne Tawfik, MD PhD

Complex Regional Pain Syndrome: Thoughts on Diagnosis and Promising New Therapies
R. Norman Harden, MD

8 am–12:45 pm
NEW! Special Topics in Pain Medicine Tracks
Included with AAPM 34th Annual Meeting registration are three extended 4-hour special topic tracks. Attendees can select to attend the full Cancer/Palliative Care, NANS Neuromodulation, or Behavioral Health track Sunday morning, or mix and match track sessions and presentations throughout the morning.

Cancer/Palliative Care Track
This innovative interdisciplinary track brings together experts in managing pain and collateral symptoms in the cancer patient, recognizing new pain problems resulting from novel therapies, emphasizing the utility of interdisciplinary assessment and management approaches, and considering contexts for providing palliative care strategies.

In the past several years, technological advances in spinal cord stimulation (SCS) has led to significant and rapid improvement in outcomes. This program will present advances in SCS, including current understanding of mechanism of action, emerging wave form modalities, and evidence-based data supporting expanded patient selection and disease specific indications.

Behavioral Medicine Track: A Behavioral Medicine Workshop for Healthcare Professionals
Back by popular demand, this interactive basic and advanced skills workshop will give participants a solid understanding of the biospychosocial model of pain. Targeted outcomes include increased confidence and the ability to facilitate patient receptivity and engagement in behavioral pain medicine. Attendees will leave with clinical toolkits, enduring resources, and scripts for difficult topics.

8–9 am
Concurrent Special Topics in Pain Medicine Tracks

Cancer/Palliative Care Track—Curing Cancer May Hurt: Updates and Strategies for Managing Treatment-Related Cancer Pain (401)
Moderator: Larry C. Driver, MD

Advances in Radiation Treatments and Resultant Pain Syndromes in the Oncologic Population
Vinay Puttanah, MD

Advances in Oncologic Surgical Pain Treatments: ERAS Protocols and Chronic Surgical Pain Syndromes
Thomas Van de Ven, MD PhD
Emerging Pain Syndromes and Treatment Options for Newer Chemo- and Immunotherapies
Amitabh Gulati, MD

NANS Neuromodulation Track—Spinal Cord Stimulation (SCS) Mechanisms Session 1 of 4: Indications and Best Practices (402)
Welcome and Introduction: B. Todd Sitzman, MD MPH
Spinal Cord Stimulation in Chronic Pain: Mode of Action
Ricardo Vallejo, MD PhD
SCS Patient Selection Considerations and Disease Specific Indications
B. Todd Sitzman, MD MPH

Behavioral Medicine Track—A Behavioral Medicine Workshop for Healthcare Professionals Session 1 of 4: Advanced Skills Target High-Impact Chronic Pain! (403)
Moderator: Beth D. Darnall, PhD
The Science of Pain Psychology

Meeting Adjournment

SAVE THE DATE!
Mark your calendar for the AAPM 35th Annual Meeting & Preconferences, March 6–10, 2019, in Denver, CO.

Support a Fellows Scholarship
AAPM provides future leaders in the pain medicine field the opportunity to engage with current thought leaders and researchers through the AAPM Pain Medicine Fellows Scholarship. The scholarship program is offered annually to fellows currently enrolled in an accredited ACGME or AOA Pain Medicine Fellowship Program.

Scholarships cover registration to attend the AAPM Annual Meeting and preconference programs, a 1-year AAPM membership, and a monetary award to be used to offset travel and lodging expenses.
Join and register today! See section B on page 18 for special join-and-register rates.

Active Physician Members are physicians (MDs or DOs) who have an unrestricted license to practice medicine in the United States or Canada. Documents required: Completed application form and dues payment. Medical license will be verified online. Please provide the appropriate information in your application.

International Members are physicians (MDs or DOs) who have a license to practice medicine in their country of origin outside of the United States and Canada. Documents required: Completed application form, dues payment, and copy of medical license.

Affiliate Members are nonphysician professionals in the United States or Canada who are clinical healthcare professionals involved in direct care of patients with pain (clinical practice affiliates) or whose principal professional responsibilities support the field of pain management (nonclinical affiliates).

Clinical Practice Affiliate Members must be (or eligible to be) licensed, registered, or certified in good standing in a healthcare profession that provides direct patient care as part of a pain care team. The healthcare provider license must be in good standing and will be verified online.

Nonclinical Affiliate Members do not provide direct patient care but their principal professional responsibilities support the field of pain medicine. Applicants must provide a resume or curriculum vitae and a signed application from their employers if applicable.

Residents and Trainees must provide a letter from their current department head or program director, verifying enrollment and good standing. Visit painmed.org/membercenter for specific member requirements. Please indicate medical license information below if applicable.

Students must provide a letter from their institution, verifying enrollment and good standing in an accredited graduate-level program. Visit painmed.org/membercenter for specific member requirements.

Membership will be officially activated once approved by AAPM’s Membership Department.

Please note that join-and-register offers for the 2018 Annual Meeting are not available for individuals who are affiliated with a pharmaceutical company; device manufacturer; medical, healthcare education, or communications company; screening lab; or other AAPM sponsor or exhibitor.

If you are a Diplomate of the American Board of Pain Medicine, please check here. If not, please verify below.

---

**Rebilled Credit Card Charges**
- If rebilling of a credit card charge is necessary, a $75 processing fee will be charged.
- If rebilling is successful, a $75 processing fee will be charged.
**Registration**

Register online at annualmeeting.painmed.org or complete and return the enclosed registration form by mail or fax. Call 847.375.4731 to register by phone. Register by February 28, 2018, to take advantage of early-bird pricing. Advance registration is available until April 20, 2018; after this date you must register onsite at the Annual Meeting, and the rates will increase.

**Registration Cancellation Policy**

All cancellations must be submitted in writing. A $100 processing fee applies to all cancellations. All refunds will be processed after the Annual Meeting. Refunds will not be made on cancellations postmarked after March 26, 2018.

**Disclaimer**

AAPM Annual Meeting & Preconferences schedules and faculty are subject to change and cancellation. If AAPM must cancel a meeting, registrants will receive a full credit or refund, minus a processing fee of $100. AAPM is not liable for any other loss, cost, or expense, however caused, incurred, or arising from cancellation.

**Americans with Disabilities Act**

AAPM wishes to ensure that no individual with a disability is excluded, denied services, segregated, or otherwise treated differently from other individuals because of the absence of auxiliary aids and services. If you require any auxiliary aids or services to attend any AAPM program, please contact the AAPM Member Services team by phone at 847.375.4731 or by e-mail at info@painmed.org at least 4 weeks in advance of the program.

**Join and Register**

AAPM members receive reduced-price registration rates. Members consistently rank the Annual Meeting as one of the most important membership benefits. **Not a member? Join today to take advantage of special join-and-register rates and become part of the premier association for pain.** The deadline to secure reduced join-and-register pricing is April 20, 2018.

There are three easy ways to join and register:

1. Visit painmed.org/membercenter.
2. Call AAPM Member Services at 847.375.4731.
3. Complete the enclosed registration form and application and mail to the address indicated.

In addition to reduced-price meeting registration, AAPM members enjoy the following benefits:

- a subscription to *Pain Medicine*, a monthly peer-reviewed indexed journal.
- reduced member pricing on on-demand education products.
- a subscription to AAPM e-News, a biweekly e-newsletter with the most current information on pain medicine.
- access to an online library of pain medicine resources, position statements, and coding information.
- access to AAPM’s Career Center.

*Individuals who are affiliated with a pharmaceutical company; device manufacturer; medical, healthcare education, or communications company; screening lab; or other AAPM sponsor or exhibitor are not eligible for join-and-register rates. Industry attendees must register at the industry rate regardless of membership status.

**Continue Your Education On-Demand**

New in 2018, take Preconferences and Annual Meeting sessions home with you to continue your learning on-demand. Preorder the following on-demand courses* when you complete your AAPM Annual Meeting registration online or over the phone and save 50%:

**AAPM 34th Annual Meeting On-Demand**

The AAPM 34th Annual Meeting includes more than 40 educational sessions highlighting the most relevant and timely topics in pain medicine. With so many sessions taking place over just a few days, it’s impossible to view each presentation live throughout the course of the Annual Meeting. AAPM 34th Annual Meeting On-Demand allows you to view presentations you weren’t able to attend live in Vancouver or refer back to content of interest with a full library of Annual Meeting session voiceover PowerPoint videos – all from the comfort of your home or office.

**Pain Medicine Best Practices: Integrative Solutions for Critical Challenges On-Demand**

A compilation of video-recorded presentations and presenter slides from the AAPM Pain Medicine Best Practices Preconference program, which will instruct participants on how to optimize the management of chronic pain with opioid analgesics and non-opioid therapies.

**Interdisciplinary/Multidisciplinary Pain-Based Care On-Demand**

A compilation of video-recorded presentations and presenter slides from the Interdisciplinary/Multidisciplinary Pain-Based Care Preconference that will provide a broad stakeholder examination of multi- and inter-disciplinary pain management programs.

Learn more at annualmeeting.painmed.org and preorder on-demand courses to save 50% when you register for the 2018 AAPM Annual Meeting.

---

*Individuals who are affiliated with a pharmaceutical company; device manufacturer; medical, healthcare education, or communications company; screening lab; or other AAPM sponsor or exhibitor are not eligible for join-and-register rates. Industry attendees must register at the industry rate regardless of membership status.
