Industry Partner,

We invite you to participate in the American Academy of Pain Medicine (AAPM) 34th Annual Meeting & Preconferences, April 25-29, 2018, in Vancouver, BC, Canada. AAPM has evolved as the premier organization for 2,100 physician members practicing the specialty of pain medicine in the United States. As the practice of pain medicine has grown, a defined body of knowledge and scope of practice has emerged. Pain medicine is recognized as a discrete specialty by the American Medical Association (AMA), and AAPM is the only comprehensive pain medicine organization with representation in the AMA. At our 34th Annual Meeting we anticipate an audience of 1,000 physicians specializing in pain medicine from the United States, plus a growing number of primary care physicians from across the country.

AAPM invites the AAPM Corporate Relations Council, companies focusing in pain medicine, and medical education companies to submit proposals for Commercially Supported Satellite Symposia (CSS) to be presented as part of the official independent CME and Non-CME Program in conjunction with the AAPM Annual Meeting. Independent CME and Non-CME CSS are the exclusive venue for educational programs supported by grants from industry during dedicated time slots during the AAPM Annual Meeting and Pre-meeting activities. CSS will be held during breakfast and lunch hours that do not compete with AAPM education programs; lunch slots may be concurrent.

The CSS Guidelines are designed to assist you in preparing your application to present a CSS in conjunction with the AAPM 34th Annual Meeting & Preconferences. These rules and regulations are in addition to policies in the exhibitor prospectus regarding your participation, as well as useful information to promote your CSS. We look forward to seeing you at the premier meeting for the specialty of pain medicine!

Sincerely,

Kathryn M. Checea
