

**Note: Only sessions approved for APA CE credits at the 2020 Annual Meeting are listed below.**

**Wednesday, February 26**  
**7.5 CE Credits Total**

*Preconference Course (Extra Fee) - Pharmacologic Management of Pain: Expanding the Options, Improving Outcomes (001)*

7.5 CE Credits  
8:00 AM–5:00 PM

**Thursday, February 27**  
**7 CE Credits Total**

*Preconference Course (Extra Fee) - Integrating Behavioral Pain Medicine into Patient Care: Science, Practice, and Innovations (003)*

6 CE Credit  
8:00 AM–3:30 PM

*Coping with Persistent Pain: Current State of the Science (Annual Meeting General Session I)*

1 CE Credit  
4:00 PM – 5:00 PM

**Friday, February 28**  
**4 CE Credits Total**

*Poster Research Highlights #1 (201)*

1 CE Credit  
11:00 AM–12:00 PM

*Diagnostic and Prognostic Anesthetic Blocks for Facet, Sacroiliac, and Knee Joint Pain: An Evidence-Based Update (202)*

1 CE Credit  
11:00 AM–12:00 PM

*Cutting Through the Hype: Marijuana and CBD Oil for Pain (203)*

1 CE Credit  
11:00 AM–12:00 PM

*Leveraging Technology and Brief Behavioral Treatments to Expand Rapid Access to Low-Cost Perioperative and Outpatient Pain Care (204)*

1 CE Credit  
11:00 AM–12:00 PM

*Poster Research Highlights #2 (205)*

1 CE Credit  
1:30 PM–2:30 PM

*Frontiers in Denervation for Chronic Pain: Sacroiliac Joint Complex, Knee, Shoulder, and Hip (206)*

1 CE Credit  
1:30 PM–2:30 PM

*Pain Debate 2020! (207)*

1 CE Credit  
1:30 PM–2:30 PM

Lumbar Facet Block and Radiofrequency Ablation International Consensus Guidelines Part 1 (210)

1 CE Credit  
2:45 PM–3:45 PM

Women's Issues and Gender Bias in Pain Treatment, Research & Policy: An Interactive Multidisciplinary Panel (211)

1 CE Credit  
2:45 PM–3:45 PM

Addressing Controversies Around Epidural Steroid Injections (212)

1 CE Credit  
2:45 PM–3:45 PM

Lumbar Facet Block and Radiofrequency Ablation International Consensus Guidelines Part 2 (214)

1 CE Credit  
4:45 PM–5:45 PM

Pain Medicine Practice Management: Knowledge for Practice Efficiency, Growth, Economic Viability, and Compliance (215)

1 CE Credit  
4:45 PM–5:45 PM

Do We Still Need Placebo Studies? (216)

1 CE Credit  
4:45 PM–5:45 PM

**Saturday, February 29**  
**5 CE Credits Total**

Neuromodulation Review 1 (301)

1 CE Credit  
9:15 AM–10:15 AM

Going Deeper into Opioid Deprescribing: Addressing the Concerns of Prescribers and Patients to Optimize Outcomes (302)

1 CE Credit  
9:15 AM–10:15 AM

Current State: Treatment of Cancer Associated Pain (303)

1 CE Credit  
9:15 AM–10:15 AM

Deconstructing Pelvic Pain: Differential Diagnosis and Interdisciplinary Treatment (304)

1 CE Credit  
9:15 AM–10:15 AM

Neuromodulation Review 2 (305)

1 CE Credit - 11:15 AM–12:15 PM

Opioid Therapy 2020: Past, Present, and Future (306)

1 CE Credit  
11:15 AM–12:15 PM

The Promise and Reality of Regenerative Medicine in Pain Management (307)

1 CE Credit  
11:15 AM–12:15 PM

Innovative Approaches to Providing Quality Pain Care to Under-Served Populations (308)

1 CE Credit  
11:15 AM–12:15 PM

Emerging Applications for Peripheral Nerve Stimulation for Subacute and Chronic Pain Syndromes (309)

1 CE Credit  
1:45 PM–2:45 PM

Studying the Acute-to-Chronic Pain Transition in Perioperative Patients (310)

1 CE Credit  
1:45 PM–2:45 PM

Addison Award: Pioneers in Pain Medicine Registries (311)

1 CE Credit  
1:45 PM–2:45 PM

Stellate Ganglion Block: Novel Uses to Prolong Efficacy Including PTSD, Innovative Technique, and Modern Pharmacology (312)

1 CE Credit  
1:45 PM–2:45 PM

Neuromodulation Pain Therapy from Bench to Bedside: 50 Years of Progress and Future Horizons (313)

1 CE Credit  
3:00 PM–4:00 PM

Perioperative Opioid Prescribing: A Quantitative and Qualitative Perspective—Getting Prescribers to 'Do the Right Thing' (314)

1 CE Credit  
3:00 PM–4:00 PM

Headache Rapid-Fire: Headache Management Pearls for the Pain Provider (315)

1 CE Credit  
3:00 PM–4:00 PM

The Challenge of Translation of Basic Science to New Therapeutics in Pain Medicine (316)

1 CE Credit  
3:00 PM–4:00 PM

General Session IV: The Role of the Peripheral Nervous System in the Progression of Acute to Chronic Pain (105)

1 CE Credit  
4:15–5:15 PM

**Sunday, March 1**  
**4 CE Credits Total**

**The Headache Toolkit: Treating (and Teaching) Headache for Non-Neurologists (401)**

1 CE Credit  
8:30–9:30 AM

**Advancing Pain Care for Veterans: Innovations in Interdisciplinary Pain Management, Telehealth, and Opioid Safety (402)**

1 CE Credit  
8:30–9:30 AM

**Using Mobile Health (mHealth) Technology to Improve Acute and Chronic Pain: Where Are We Now and Where Are We Going? (403)**

1 CE Credit  
8:30–9:30 AM

**Brain Imaging (404)**

1 CE Credit  
8:30–9:30 AM

**Neuropathic Pain: Pharmacological Trends and Interventional Techniques in Challenging Patients (405)**

1 CE Credit  
9:45–10:45 AM

**Applying Lessons Learned from the DoD and VA in the Prevention and Treatment of Chronic Pain (406)**

1 CE Credit  
9:45–10:45 AM

**Moving from Patient-Reported Outcomes to Medical Informatics Approaches to Help Your Practice (407)**

1 CE Credit  
9:45–10:45 AM

**Neuropathic Pain and Spine Diagnostic Modalities: Demystifying Appropriate Utilization and Limitations (408)**

1 CE Credit  
9:45–10:45 AM

**Pain and Addiction: Which Came First? (409)**

1 CE Credit  
11:00 AM–12:00 PM

**Identifying Phenotypes and Advancing Precision Pain Care: Leveraging the Data Gap (410)**

1 CE Credit  
11:00 AM–12:00 PM

**Neuromodulation and Mitigating the Risk of Infection (411)**

1 CE Credit  
11:00 AM–12:00 PM
